MINI COLLECTION

`` Charming Fern ''

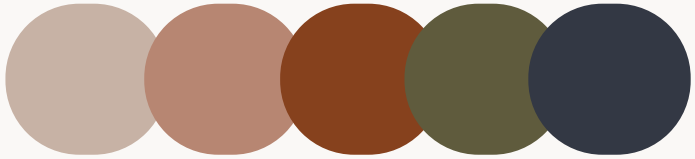

Inspired by quiet walks through Vancouver's natural trails, this mini collection captures the graceful movement of ferns through minimalist, hand-drawn line art. Their delicate silhouettes and organic rhythm are distilled into flowing outlines that celebrate the beauty of simplicity.

All artwork is hand-drawn and then vectorized.

Style: Modern Rustic · Botanical · Minimalist · Nature-Inspired
A contemporary rustic aesthetic, blending organic botanical forms with minimalist hand-drawn linework and an earthy, moody palette.
